WILDERNESS HELISKI

AORAKI / MOUNT COOK | NEW ZEALAND

at the heart of the southern alps

Based at Mt Cook, the heart of the Southern Alps, Wilderness Heliskiing has **sole access** to the dramatic terrain of Aoraki/Mount Cook National Park. **Nobody else can get you into the big mountains.**

Aoraki/Mount Cook Region - Awesome Country

This is in-your-face Himalayan-scale alpine scenery. Big glaciated peaks extend our season and the scope of the runs available.

- Higher and longer runs than the Queenstown/Wanaka area
- Fresh snow from every storm
- Three mountain ranges to roam
- The jaw-dropping backdrop of NZ's highest peaks
- More advanced terrain for experts

Credentials

We pioneered NZ heliskiing back in 1976, and our team are professional guides, qualified through the IFMGA/NZMGA. They work year-round in the mountains of NZ and around the world.

Tailored

We have runs to suit all levels of heli experience. Stay in your group of friends, or join other skiers/boarders of similar ability.

Personalised

We're not running a production line. Even at the height of the season you can expect small groups and personalised service - a maximum of 5 boarders or skiers per guide. We go the extra mile every day to seek out the best snow.

Private charter heliskiing is available for discerning groups looking to maximise their vertical. Check the website for details.

Wilderness Fly/Heli/Fly

A same day return flight package for those staying in Christchurch or Queenstown.

Flying: 01 July - 30 September

2009 Pricing

- 5 Run day: NZ\$875 per person
- Extra runs NZ\$120/1000 vertical metres
- Fly/Heli/Fly: NZ\$1250 per person

ALPINE GUIDES

Wilderness Heliskiing is professionally guided by Alpine Guides (Aoraki) Ltd
